

Supplemental material 8:

Post-session questionnaire parental feedback

The form was implemented via MS Forms. Screenshots of the form are shown below to illustrate its visual presentation and layout, followed by the full text for reference and accessibility.

The screenshot shows a Microsoft Forms questionnaire titled "Parent/Carer Experience Questionnaire - OPM-MEG studies". The form has a purple header with the Birmingham BabyLab logo. The text is as follows:

Parent/Carer Experience Questionnaire - OPM-MEG studies

Dear Parent,
Thank you very much for participating in our study with your baby.
As we mentioned during your visit, the methodology we use, OPM-MEG* is a cutting-edge methodology and at the moment our research group is one of the first 5 in the world to use it with babies! Therefore, we are very keen on improving our techniques and setup to ensure the maximum comfort to both babies and their parents/carers. Your feedback will be invaluable in helping us to do so!

We would be extremely grateful if you could spare about 10 minutes to answer a few questions about your experience.

When you submit this form, it will not automatically collect your details like name and email address unless you provide it yourself.
